

LIVE FLEX

True wireless Noise Cancelling earbuds

All day companion.

Live to the beat of your personal soundtrack with open-ear True Adaptive Noise Cancelling earbuds designed for all-day comfort and high-fidelity listening on the go. From the office to your daily walk and beyond, the IP54-certified dustproof and waterproof JBL Live Flex is an ideal audio companion for work, rest, or play. Tune out noise and distractions and make crystal-clear calls anywhere, all while immersing yourself in JBL Spatial Audio. Optimize your listening experience according to your individual hearing profile thanks to Personi-Fi 2.0, and preferences through the App. And since nobody has time for flat batteries, up to 40 hours of playtime and Qi wireless charging keep you moving at the speed of life.

- ▶ Bluetooth 5.3 technology
- ▶ Touch & voice control
- ▶ IP54 water and dust resistant
- ▶ JBL Headphones App
- ▶ Dual Connect & Sync with Multi-Point connection

LIVE FLEX

True wireless Noise Cancelling earbuds

Features and Benefits

JBL Signature Sound and Personi-Fi 2.0

Hear your music in full color with 12mm neodymium speaker drivers perfectly tuned for on-the-go high-fidelity listening with deep bass and JBL Signature Sound. Then use Personi-Fi 2.0 to optimize your audio experience based on your unique hearing profile.

True Adaptive Noise Cancelling

JBL Live Flex combines the all-day comfort of stick-open earbuds with True Adaptive Noise Cancelling. Eliminate noise and distractions with technology that adapts to your surroundings in real time.

Up to 40 (8+32) hours of playtime with Wireless Charging

Life's too short for dead batteries. JBL Live Flex features up to 8 hours of power in the earbuds plus another 32 in the case*. And if your all-day audio companion needs a power-up, Qi-compatible wireless charging delivers an additional 4 hours in just 15 minutes.

6 mics for perfect calls with zero noise

Connect to the world from anywhere. The JBL Live Flex features 6 beamforming mics that reduce noise and ensure your voice comes through loud and clear.

JBL Spatial Sound

Surround yourself with your favorite audio. JBL Live Flex immerses you in spatial sound from any two-channel source via Bluetooth® for immersive listening freedom.

Bluetooth 5.3 technology

The JBL Live Flex feature Bluetooth 5.3, for a more stable and secure connection, so that you can enjoy wireless streaming at its best. Featuring the latest Bluetooth technology, your JBL Live Flex become virtually futureproof.

Touch & voice control

Activate the JBL Live Flex's features with the ease of touch control. Or simply speak up to activate your Hey Google (*) or Alexa (**).

IP54 water and dust resistant

Wear your JBL Live Flex earbuds anywhere from the beach to the bike trail thanks to IP54 water and dust resistant protection.

JBL Headphones App

Control the soundtrack of your life. The free JBL Headphones app allows you to tailor your earbuds' preferences, like customizing the ANC, the earbuds' behaviors or create a personalized hearing profile. Thanks to Personi-Fi 2.0 a quick test will help you customize your audio experience on you and your preferences.

Dual Connect & Sync with Multi-Point connection

With Multi-Point connection, you can quickly and easily switch your headphone input from one Bluetooth device to another. You'll also enjoy quick, effortless pairing with any Android device as you shift between mono and stereo and your left, right, or both earbuds.

*with ANC off (24 with ANC on)

(*) Only supported on Android (**) Android 6.0 or higher is required for full access to Alexa features when using this device."
